

Commercial and Theatrical Headshots

Swanda & Schindler Photography creates Commercial and Theatrical Headshots with an interactive digital studio system, which assures that you will leave the studio knowing that you looked your best. These headshots are also suitable for musicians and entertainers.

During the session, we will pause periodically and view your proofs on the monitor. Our photographer will edit the images with your input and make helpful suggestions. We then resume the session, creating the headshot that is right for you.

Basic retouching is included with this session, giving your headshot a professional finish.
